Profile

Clive is an experienced TV director with many awards to his credit. He has directed short dramas, factual programmes and many commercials.

He is also an accomplished photographer.

Experience

TELEVISION

Most recently Clive was a director on **Waybuloo** for CBeebies. This is a complex and challenging mixture of CG characters (called Piplings) and real life children. Waybuloo crosses the line between children's drama and entertainment because by its very nature it has to be tightly camera-scripted just like a drama, with built in flexibility because of the child factor! It was shot in a huge studio and involved a crew of around 50 people.

Previous TV experience...

includes an RTS and Japan prize winning series, **'Poems from Other Cultures'** for BBC2. The three half-hour slots consisted of dramatised poems shot all around the world linked together by documentary elements

'Corner Shop', a short drama for the Jill Dando special, BBC1

'Talent 2000', three half-hour dance programmes for BBC 2

'AS Guru' a one hour comedy drama with Sally Philips, BBC 2

'The Clothes Show', BBC 1

'Top Gear', BBC 2

and many 35mm motion control title sequences, including **'Absolute Truth'** and **'Road to Riches'**
